WASHINGTON PILOTS ASSOCIATION

The Aviation Academy is for “all” students, ages 13 through 18, curious about aviation. We begin with an introduction to “groundschool”. The books, materials and instruction are designed to give you a “real world” look at all that aviation has to offer. We will flightplan a local cross country trip. We check the weather, contact Air Traffic Control... and launch! If you complete all of the classes, you will be assigned to a certificated pilot for further instruction and, weather permitting, for graduation...

YOU WILL FLY!

INSTRUCTION

The Aviation Academy is taught by some of the most experienced private, commercial and military pilots in the world. Our textbooks will provide you theory...our pilots will tell you about “The real world”!

If you have any questions about aviation...
...we have your answers!

CLASS SCHEDULE

Two evenings per week...Mondays and Wednesdays from 7 P.M. to 8:30 P.M. Everett Community College at the Snohomish County Airport (Paine Field). Plus, four Saturdays... These include tours of Snohomish County Airport, Future of Flight, and Graduation.
