The 4 Pillars

The Washington Pilot's Association started in 1960 and has grown to over 1500 members statewide and includes 20 chapters. Since its inception the WPA has built upon the 4 pillars of why we exist. Whether you're a veteran pilot or just discovered a passion for aviation, we are proud to welcome new members who share the wonders of flight in the Pacific Northwest! We speak with one voice for all pilots and know that strength in numbers works.

Chapters

Each chapter in our association is just as unique as the members. From the urban cities of Seattle and Spokane to the mountains and valleys in between, we have a chapter near you! And if not, you can create a new chapter or become a member at large. This will continue our mission of ensuring facilities and policies are in place to enable the spirit of adventure to continue to take flight today and in the future of general aviation!
